THE SAYING “WHAT’S OLD IS NEW AGAIN” certainly has relevance in today’s design trends, and at Price Pfister this is no exception. Price Pfister is proud to introduce two new finishes with old world charm; RUSTIC PEWTER and RUSTIC BRONZE. Two welcome additions to our finish portfolio.

The introduction of these two rustic finishes provides a perfect solution to the growing demand for warm, dark finishes to enhance today’s home décor. These richly detailed finishes are handcrafted to provide an elegant combination of subtle color nuances and warm highlights. Each piece has it’s own individual character, the hallmark of true craftsmen.
